NOTE TO LANGUAGE ASSISTANTS

Congratulations! You have been selected from among many candidates to take up a position as a language assistant. Provincial and territorial coordinators, the Council of Ministers of Education, Canada (CMEC), and the Department of Canadian Heritage are very happy to welcome you among some 400 language assistants who will participate in the program across the country.

You will play a key role in the lives of many young people. You have a unique opportunity to share your culture with them as well as to enhance their second language skills. This experience will also help you practice your own second language and discover another of Canada's cultural communities. Your horizons will be broadened, and doors will be opened to you.

We hope that you will take full advantage of your Odyssey experience, that you will take the time to get to know the culture of the province or territory where you will be working, and that you will make new friends.

We wish you a very successful Odyssey!

NOTE TO TEACHERS, INSTRUCTORS, AND SUPERVISORS

The success of Odyssey is contingent upon the dedication of all involved. We would like to take this opportunity to acknowledge the very important role that you have played and continue to play in this program. Across the country, teachers, instructors, and supervisors like you work tirelessly to ensure that the Odyssey program runs smoothly.

Thank you for the ongoing commitment that has ensured the continued success of the program for over 50 years.

NOTE: A glossary explains the terms used in this guide (see page 19).

¹ Hereinafter called "coordinators."

BACKGROUND

History

To promote Canada's official languages, the Official-Language Monitor Program (OLMP) was created in 1973 for part-time monitors and in 1977 for full-time monitors. Since its inception, the program has welcomed over 38,000 participants.

In 2004, the name and image of the program were modernized, and OLMP became Odyssey for full-time language assistants.

Odyssey remains an excellent example of collaboration between provinces and territories and the Government of Canada. It aims to foster the use of Canada's official languages by giving young people an opportunity to share their language and culture with students in other provinces and territories.

Objectives of Odyssey

There are three streams within Odyssey: English as a second language (ESL), French as a second language (FSL), and French as a first language (FFL).

English and French as a second language (ESL and FSL)

In the ESL and FSL streams, language assistants are assigned to an educational institution to help second-language teachers or instructors encourage students to interact in the language they are studying and to raise their awareness of the culture associated with that language.

French as a first language (FFL)

In the FFL stream, language assistants are assigned to regions where francophones live in a language minority setting but where French is used at all times in educational institutions. Together with teachers, language assistants for French as a first language help to develop students' knowledge of their language and culture and build their cultural identity by instilling pride and a sense of belonging to the francophone world.

This guide applies to the ESL stream.

Management of Odyssey

Funded by the Department of Canadian Heritage, Odyssey is administered at three levels: pan-Canadian, provincial/territorial, and local.

CMEC is responsible for management at the pan-Canadian level. Decentralized administration of the program is provided by the provinces and territories. Local administration is the responsibility of supervisors, who, in cooperation with coordinators, oversee the work of the language assistants.

ROLE AND RESPONSIBILITIES OF LANGUAGE ASSISTANTS

Your role as a language assistant

You will be considered a staff member and will be setting an example for the students. Therefore, your behaviour must be exemplary, and you must observe the rules of the educational institution in which you are working.

Elementary and secondary levels

At the elementary and secondary levels, you will work mostly to prepare activities focusing on oral comprehension and oral expression. You are called upon to create activities reflecting everyday communication situations to help students improve their language skills while experiencing relevant situations in English. These activities will also offer cultural content to those who use English as a second language. You will lead these classroom activities working with the teacher, or you may work with a small group of students in a separate room.

Postsecondary level

In Quebec, some language assistants in the ESL stream may be working at the college level. At the provincial training session that takes place in the fall, specific training on program promotion in language classes is provided to language assistants assigned to work in cégeps.

At the postsecondary level, your role as a language assistant will be somewhat different. You may not necessarily work in a classroom with an instructor. You might be called upon to create and lead activities that will allow students to express themselves in English. You will also need to stimulate exchanges between students to promote language and culture.

Description of tasks

Under the supervision of the teacher or instructor, your tasks may include the following:

- encouraging students to participate in oral communication activities;
- preparing activities that focus on conversation skills and on learning the culture in order to complement the curriculum taught by the teacher or instructor;
- leading small groups of two to 10 students in conversation activities in order to complement the curriculum taught by the teacher or instructor;
- motivating students to learn the language;
- encouraging students to appreciate your culture while respecting other cultures;
- participating in evening and weekend cultural activities;
- helping students in the language lab, at the postsecondary level, although this task must be kept to a minimum; helping in the lab is just meant to reinforce students' conversation skills. The teacher or instructor must also be present and remains solely responsible for supervising students.

In addition, you should be available to meet the teacher or instructor at least once a week.

As a language assistant, you must not undertake tasks normally reserved for teachers, such as:

- taking full responsibility for an entire classroom;
- replacing a teacher or instructor in a task specific to their position: preparing and delivering course content and supervising students;
- supervising groups of more than 10 students while the teacher or instructor is not in the classroom;
- providing tutoring;
- performing administrative tasks expressly assigned to the teacher or instructor;
- marking assignments or tests or taking part in examination-related tasks;
- taking responsibility for special-needs students or students with behavioural or learning difficulties.

You must be able to work independently, take initiative, and show a strong sense of responsibility. You must inform your supervisor immediately of any problem that might arise in the course of your work.

NOTE: Language assistants do not have the required qualifications to provide services for special-needs students. If you are asked to work with students who have behavioural/emotional disorders or other special needs, your role must be limited to performing language activities. Furthermore, the institution must have received prior approval from the coordinator. Ultimately, the role of language assistants is first and foremost to enrich students' learning, whether in the classroom in the presence of the teacher or instructor or outside the classroom working with small groups, and is never to perform teaching tasks assigned to teachers or instructors.

How activities are planned and organized

Under the supervision of the teacher or instructor, you will work closely on the preparation of cultural and linguistic activities. We strongly recommend that you cultivate a good relationship with this person and meet with them regularly to talk about the outline of your activity plan. They will guide you in your choice of activities and will encourage new ideas.

Students' level of language skills, the frequency of meetings, the availability of instructional materials and facilities, and your flexibility in choosing activities will vary from one institution to another. You should plan activities according to the size of the group of students, and you should be prepared to adjust to each situation to the best of your ability.

Need ideas? Your coordinator will provide you with login credentials to access the Activity Portal where you will be able to sort through fellow language assistants' tried and true activities!

Training sessions

Pan-Canadian Training Session*

In late August or early September, first-time language assistants participating in Odyssey must attend the **compulsory** Pan-Canadian Training Session. You should also attend the provincial and territorial sessions organized during the year.

If you cannot attend a training session, let your coordinator know as soon as possible.

Absence without justification may lead to a reduction in pay or other disciplinary measures, up to and including dismissal.

The objectives of the Pan-Canadian Training Session are:

- to give you a better understanding of your role as a language assistant
- to give you some key pedagogical tips and techniques to prepare you to work with your students
- to introduce you to your Odyssey support network (coordinators, workshop leaders, current and former language assistants)

Participation in activities and workshops at the Pan-Canadian Training Session is compulsory.

Please note the following:

- Attendance will be taken at the beginning of each workshop.
- Smoking is not allowed in the rooms.
- Language assistants may not keep pets in their rooms.
- Rooms are single occupancy.
- If your permanent residence is 350 km or more from the training session venue, you may stay at the hotel the evening prior to the opening of the session.

Hotel arrangements are made by the coordinator. For any additional questions or information, you must contact your coordinator prior to arriving at the session.

Provincial/territorial and local training sessions

During the program year, provinces and territories also organize training sessions in which you must participate. Coordinators count in-year training hours as regular working hours. Get in touch with your coordinator to obtain more information.

² Lists of coordinators is found in Appendix I.

Evaluation of Odyssey

During the program year, you will receive one or more evaluation questionnaires that you must complete as directed by your coordinator. These evaluations help your coordinator evaluate your work. In addition, the CMEC Secretariat sends out an electronic survey to help gauge participants' experience in the program.

Personal information

You must provide your coordinator or supervisor with your mailing address, email address, and telephone number. It is important that you inform them as quickly as possible of any change in your personal information. If you have special needs during your stay, please contact your coordinator or supervisor. Language assistants are asked to keep their Odyssey online profile upto-date, should any changes occur to their contact information.

What happens in case of withdrawal or resignation?

If you decide to withdraw your application *prior to* taking up your position (withdrawal) or to leave your position *during the program year* (resignation), you must immediately inform your educational institution, your supervisor, and your coordinator by providing written notice of your reasons and, in the case of resignation, the date of your departure. In addition, if you resign, you must settle all your financial obligations at the time of your resignation.

Language assistants who leave their positions prior to the end of the program year will not receive a travel allowance to return home. There may be further implications in other provinces or territories.

What happens in case of dismissal?

If a supervisor determines that you are not properly carrying out your tasks, you will be informed in person and in writing that you have been placed on probation. If no improvement is noted during the probationary period, the supervisor will consult the coordinator to decide on the next steps.

In the case of dismissal, the supervisor will provide you with at least two weeks' written notice, setting out the reasons for your dismissal and the date you are to leave your position. If the supervisor determines that it is preferable for you to leave immediately, you will receive two weeks' salary in lieu of notice.

ROLES AND RESPONSIBILITIES OF TEACHERS, INSTRUCTORS, AND SUPERVISORS OF LANGUAGE ASSISTANTS

Teachers and instructors of language assistants

As a teacher or instructor responsible for a language assistant, your first task is to ensure that the language assistant fits in comfortably in the workplace.

You are also responsible for the following:

- giving the language assistant a tour of the institution and introducing them to the staff and administration
- helping the language assistant become familiar with the guidelines of the educational institution
- providing the language assistant with information about the education system of the host province or territory
- briefing the language assistant on language learning activities organized in the educational institution
- coordinating and planning the language assistant's schedule in collaboration with them
- discussing the role of the language assistant and that of the teacher or instructor within Odyssev
- providing liaison with other teachers or instructors
- advising the language assistant on the choice of activities, while encouraging them to explore new ideas
- meeting the language assistant at least once a week

NOTE: Language assistants do not have the required qualifications to provide services for special-needs students. If they are asked to work with students who have behavioural/emotional disorders or other special needs, their role must be limited to performing language activities. Furthermore, the institution must have received prior approval from the coordinator.

Supervisors of language assistants

The supervisor is designated by the employer to coordinate the language assistant's activities and to administer Odyssey at the local level.

As a supervisor, you must ensure that the language assistant is treated fairly and equitably. You must also stay in close contact with the educational institution and the coordinator.

As the person responsible for relations between the language assistant and the employer, you are required to do the following:

Don't forget to congratulate language assistants for a job well done. Encourage them in their efforts!

- assign the language assistant to an educational institution in consultation with the coordinator
- ensure that the language assistant is greeted at the workplace
- inform staff, especially the principal of the school or the head administrator of the postsecondary institution and

the faculty, of the language assistant's role and the role of the teacher(s) or instructor(s) who will work with them

- ensure regular follow-up with the language assistant and teaching staff throughout the year at the educational institution
- facilitate processes related to payroll, reimbursement of expenses, and all other administrative matters

If the language assistant is not performing appropriately in their position, you must follow these steps:

- 1. discuss the expectations of the establishment and the rules of the program with the language assistant to ensure that all parties understand the role of a language assistant
- 2. advise the language assistant in person and in writing that they have been placed on probation
- 3. consult the coordinator to decide on the next steps if no improvement occurs during the probationary period
- 4. if the situation continues, give the language assistant a dismissal notice* with the coordinator's approval, specifying the reasons for dismissal

Supervisors are to ensure that language assistants **do not perform the work** normally assigned to teaching staff, for example:

- taking full responsibility for an entire classroom
- replacing a teacher or instructor in a task specific to their position
- supervising groups of more than 10 students while the teacher or instructor is not in the classroom
- providing tutoring
- performing administrative tasks expressly assigned to the teacher or instructor
- marking assignments or tests or taking part in examination-related tasks
- taking responsibility for special-needs students or students with behavioural or learning difficulties

NOTE: Language assistants may help students with language labs at the postsecondary level, but this task must be kept to a minimum.

^{*}Language assistants are to receive two weeks' salary following the notice of dismissal. It is up to the educational institution to decide whether the language assistant will continue working during those two weeks or leave the position immediately.

ROLES AND RESPONSIBILITIES

This document is a reminder of the different roles within the Odyssey program. The content has been pulled from the Odyssey Administrative and Financial Guide, to which you may refer for more detailed information.

FOR TEACHERS INSTRUCTORS AND PRINCIPALS

As a teacher, instructor, or principal responsible for a language assistant, your first task is to ensure that the language assistant fits in comfortably in the workplace, including:

- · giving the language assistant a tour of the institution and introducing them to the staff,
- · helping the language assistant become familiar with the institution's guidelines;
- · providing information about the education system;
- briefing the language assistant on language learning activities, and advising them on the choice of activities, while encouraging them to explore new ideas;
- · coordinating and planning the language assistant's schedule with them;
- · discussing their role, and the role of the teacher or instructor, within Odyssey;
- · providing opportunities to liaise with other teachers or instructors; and
- · meeting with the language assistant at least once a week.

FOR LANGUAGE ASSISTANTS

DOS

Under the supervision of the teacher, instructor, or principal, the language assistant's tasks may include:

- · encouraging and motivating students to participate in oral communication activities;
- preparing activities that focus on conversation skills and learning the culture, which complement the curriculum taught by the teacher or instructor;
- leading small groups of 2 to 10 students in conversation activities;
- · initiating students to their own culture, while respecting other cultures;
- · participating in evening and weekend cultural activities;
- · leading online language learning activities; and
- · meeting with the teacher or instructor at least once a week

DON'TS

A language assistant must not undertake tasks reserved for teachers, such as:

- · taking full responsibility for an entire classroom;
- replacing a teacher or instructor in a task that is specific to their position (e.g., preparing and delivering course content; supervising students);
- supervising groups of more than 10 students if the teacher or instructor is not in the classroom;
- providing tutoring during school hours;
- · performing administrative tasks expressly assigned to the teacher or instructor;
- marking assignments or tests, or taking part in examination-related tasks; and
- taking responsibility for students with special needs (e.g., learning difficulties; behavioural/emotional
 disorders). Language assistants do not have the required qualifications to provide these services. Language
 assistants who are asked to work with special-needs students must limit their role to performing language
 activities. Furthermore, the institution must have received prior approval from the coordinator.

IMPORTANT: For safety and liability insurance reasons, language assistants should never perform tasks that pose a risk to others or themselves, such as taking students to an activity outside of school without the appropriate release forms, or working one-on-one with a student. First and foremost, the role of language assistants is to enrich students' learning—whether in the classroom in the presence of the teacher or instructor, or outside the classroom, working with small groups. Language assistants are never to perform teaching tasks assigned to teachers, instructors, or other staff members. Please contact your Odyssey coordinator if you have any questions.

GENERAL ADMINISTRATION

Working hours (25 hours per week)

Language assistants work at an educational institution for nine months (early September to late May), 20 hours per week of work with students and up to 5 hours per week of preparation, for a total of 25 hours per week.

The educational institution may count time spent by language assistants on other activities with students (e.g., theatre club, leading a lunch-hour student radio program, immersion weekend, field trips, and cultural evenings) as working hours.

NOTE: Verify with the coordinator the policy in place concerning recess and short breaks between classes.

Schedule

- Language assistants must provide their coordinator with their timetable no later than September 30. The schedule must be signed by the language assistant and their supervisor.
- Language assistants must inform their supervisor of any subsequent change to their schedule.
- Language assistants should inform their supervisor of any issue related to hours or working conditions (e.g., too many students, excessive hours).

Housing

The coordinator of the province that you will be working in may be able to assist you in finding accommodation. Many language assistants have used websites like Kijiji and Craigslist, local newspapers, or online housing postings to find appropriate accommodation. Be proactive in your search to find housing! Please note that some landlords may require a letter of reference and the first and last month's rent.

Holidays and days off

Holidays, days off, and institutional closings due to unforeseen circumstances (weather, strikes, etc.), or sick days are determined by the coordinator, with the educational institution's approval.

Criminal records

Language assistants must provide criminal record and vulnerable sector checks to the hiring school board. Language assistants will not be able to start working without this verification. The administrative process for obtaining criminal record and vulnerable sector checks will vary for each school board. It is therefore recommended that language assistants contact their respective school board before obtaining their documents. The acceptance letter will provide language assistants with the name of the agent responsible for the verifications required at their school board.

The agency check should be obtained in the region where the permanent residence of the language assistant is located. It may be that your police department requests a document of understanding for the criminal record check. If that is the case, if you live in Quebec, please contact your school board in order to obtain a personal invitation requesting a criminal record check with the registry of vulnerable people. The invitation should contain the date, the contact information of the school board outside Quebec, the name of the language assistant and a confirmation that this language assistant is hired.

Please note that a criminal record check may require eight to 10 weeks to obtain and that you cannot start work without it. A fee is generally charged for the check. The criminal record check must be provided prior to the start of your employment; however, you can apply for the program before receiving it. Should you have further questions about criminal record check, please contact your provincial or territorial coordinator.

Conditions and release

By accepting a position with Odyssey, language assistants explicitly undertake to do the following:

accept and abide by the policies and regulations of the host educational institution that
 employs them

Odyssey may be considered as a co-op placement. If you are continuing your studies, you may receive credits for it. Check with the institution where you wish the credits to be transferred.

- respect and abide by any and all laws of Canada and of the province or territory and the municipality in which the educational institution is located
- release the Corporation of the Council of Ministers of Education, Canada (CCMEC), the provinces and territories, their agents, and staff from any claim, action, loss, or damage that the language assistant may have against the CCMEC, CMEC, and its Secretariat in any way related to Odyssey.

Renewal

It is possible for a language assistant to participate in Odyssey a second time. It should be noted that this privilege is not granted automatically and that renewal is not guaranteed since priority may be given to first-year applicants.

A language assistant who wants to apply for a second time should do the following:

- update their online profile for the following school year
- provide two copies of one or two letters of recommendation if applicable from the teacher or instructor or the principal of the educational institution where they are currently employed

The letter of recommendation must be sent directly to the coordinator of the province or territory in which the language assistant is currently working.

Second-year candidates will be notified if they have been accepted at the same time as first-year candidates.

If a language assistant wants to participate in Odyssey the following year, they will not have to take part in an interview. However, language assistants who wish to participate *in the other official language* will be required to attend an interview. If an experienced language assistant is re-applying after several years of not participating, they may be requested by the coordinator to submit a recommendation letter from Odyssey and participate in an interview.

FINANCIAL INFORMATION – SALARY AND BENEFITS

Employer³

The employer is the school board, division, district, authority, or the educational institution where the language assistant works. Every language assistant signs an employment contract with his/her employer. Therefore, the languages assistants will need to follow any code of conduct, code of ethic, social media policy, bullying, harassment policy, and any other policies currently in place by the employers. **Please note that language assistants are not unionized.**

Salary

The gross salary is \$27,000, covering September to May. It includes vacation or holiday pay, as well as any other benefits paid by the employer to the language assistant.

Payment terms may vary depending on the employer, but language assistants are to receive a payment **at least** once a month. The first payment is to be made only after the language assistant has started work, but no later than one month after they take up the position.

Although payment for statutory holidays, the holiday season, spring break/reading week, and professional development days varies among provinces and territories, language assistants **must be** remunerated for those periods.

Employer's contributions

The employer will pay the employer's contributions to the Canada Pension Plan (CPP) or the Régime des rentes du Québec (RRQ), Employment Insurance (EI), and any other compulsory provincial/territorial plans. Employer's contributions are not refundable. Language assistants' contributions are deducted from their salary.

Interprovincial/territorial travel allowance4

Beginning- and end-of-year travel

At the beginning and end of their placements, language assistants, including those taking up their positions after December 31, are eligible for the interprovincial/territorial travel allowance if they must move outside their home province or territory to work and if their permanent residence is more than 200 km from their workplace. This allowance will

Any language assistant assigned to work in a location (outside Quebec and the territories) situated more than 300 km from an airport serviced by a major airline would receive an additional amount of \$100 when travel allowances are calculated in Appendix B.

NOTE: For administrative purposes, both Ontario and Quebec are divided into two regions (see Appendix D and Appendix E).

³ The table of disbursements for the employer indicates the salary and the allowances is found in Appendix A.

⁴ The amount of the travel allowance is set out in Appendix B.

compensate part of the travel costs incurred between their permanent residence and their workplace.

Language assistants who are from out of province/territory but who are recruited locally are not eligible for the beginning-of-year travel allowances. However,

they are eligible for the end-of-year travel allowance.

Language assistants who leave their positions prior to the end of the program year will not receive a travel allowance to return home.

Coordinators will inform the employer and the office of the Official Languages unit, CMEC Secretariat, **by September 15 at the latest**, of the amount of the travel allowances to be paid.

Employers will **automatically** pay the beginning-of-year travel allowance to eligible language assistants **within 20 working days following the beginning of their employment,** according to the rates

set out in Appendix B.

Similarly, employers will **automatically** pay the end-of-year travel allowance to eligible language assistants **15 days prior to the end of their employment,** according to the rates set out in Appendix B.

Language assistants who start **after December 31** will receive the beginning- and end-of-year travel allowances.

NOTE: The beginning- and end-of-year travel allowances are non-taxable.

Mid-year travel allowance

Language assistants who are required to move outside their home province or territory to work and whose permanent residence is more than 200 km from their workplace are entitled to a mid-year travel allowance.

Coordinators will inform the employer and the office of the Official Languages unit, CMEC Secretariat **by September 15 at the latest,** of the total amount of mid-year travel allowances to be paid.

Employers must automatically make the following payments to eligible language assistants:

- the first portion of the mid-year travel allowance in early December
- the second portion of the mid-year travel allowance in January after the academic year resumes

The mid-year travel allowance is taxable and must be entered on the T-4 (Relevé 1 in Quebec) issued by the employer.

Depending on budget availability, coordinators may have a limited budget amount available to assist language assistant placements in remote regions. If awarded in a given year, this amount is taxable and must be reported by the employer in the miscellaneous column in Appendix H1.

Allowance for the Pan-Canadian Training Session

Compulsory Pan-Canadian Training Session* (First-year language assistants)

Language assistants are reimbursed for part of the expenses they incur to travel from their permanent residence to the Pan-Canadian Training Session and then to their workplace.

Travel expenses incurred between a language assistant's permanent residence and the training session venue are deemed to be training expenses. The part of the travel expenses from the training session to the workplace is covered by the beginning-of-year travel allowance. For language assistants returning to work in their home province or territory following the Pan-Canadian Training Session, the total amount of expenses is considered a training expense.

Language assistants who live outside the province of Quebec are eligible for a travel allowance, according to the rates set out in Appendix B.

Language assistants residing in Quebec and assigned to work outside the province will be compensated according to the schedule below for their travel to the training session. Expenses incurred to travel from the Pan-Canadian Training Session to the workplace are considered to be travel allowances as set out in Appendix B.

• 0 to 200 km: no reimbursement

between 201 km and 400 km: \$75

• between 401 km and 600 km: \$100

between 601 km and 850 km: \$175

more than 851 km: \$300.

Language assistants assigned to work in Quebec will be compensated, as set out above, for their travel from the Pan-Canadian Training Session to their workplace.

Language assistants will not be reimbursed for extra costs incurred to return home before taking up their duties.

Coordinators will inform the employer and the office of the Official Languages unit, CMEC Secretariat, by September 15 at the latest, of the total amount of each travel allowance to be paid.

Here are three examples of travel from a language assistant's residence to the session and then to the host province.

Example 1

Language assistant with a permanent address in Ontario South assigned to work in Newfoundland and Labrador

From Ontario South to Quebec South: \$225

training session allowance

From Quebec South to Newfoundland and Labrador: . . . \$650

interprovincial travel

\$225 + \$650 = \$850

Example 2

Language assistant with a permanent address in British Columbia assigned to work in Quebec North (Saguenay)

From British Columbia to Quebec South: \$750

- training session allowance

- travel within Quebec (211 km)

\$750 + \$75 = \$825

\$75 + \$75 = \$150

Example 3

Language assistant with a permanent address in Quebec South (Montreal) assigned to work in Quebec South (Sherbrooke)

From Montreal to Quebec (254 km): \$75

- training session allowance

From Quebec to Sherbrooke (237 km): \$75

- travel within Quebec

Most expenses are reimbursed at fixed rates indicated by coordinators. These expenses must not exceed the established rates of CMEC's reimbursement policy. Exceptional requests must be authorized by the Official Languages unit, CMEC Secretariat.

Allowance for provincial/territorial or local training sessions

Language assistants **must** fill out a *Request for reimbursement* (Appendix F) to obtain the reimbursement of costs incurred when attending provincial/territorial or local training sessions. This form must be provided to the employer, along with original receipts for accommodation and transportation, as indicated by the coordinator. Receipts are not required for meals.

Coordinators will set out in writing the requirements in respect of accommodation, meals, and
